Tamsin Page just submitted the survey 'Draft Annual Plan 2019/20 Feedback' with the responses below.

Draft 2019/20 Annual Plan Feedback

The work of Environment Canterbury is reported on under six portfolios as outlined in the draft Annual Plan document 2019/20. Our website outlines many of the areas we work in, in more detail. Please give your feedback on the activity planned in the comments section under each portfolio and tell us what you support/don't support about the planned activity.

I generally support the proposed changes to the Revenue and Financing Policy to create a rating area (including the Port Hills) to support the vision for a pest-free Banks Peninsula

Yes

Please provide any comments below

This is a great initiative that will contribute to real gains for indigenous biodiversity on Banks Peninsula, including the Port Hills. This will provide wider, flow-on benefits for the wider Christchurch community in terms of landscape, recreational and well-being values; potential benefits for tourism in the area; as well as potentially long-term water quality improvements (more successful restoration planting on hills leading to reduced run-off to harbours, estuaries and rivers). It will also enable greater community involvement in pest management - something that will be central to progressing the wider Pest Free 2050 goal. As a long-time Port Hills landowner, I support this initiative.

If you have any additional comments on the Revenue and Financing Policy please provide them below.
