Kia ora Raewyn

Whakanui Stream

Thank you for your email of 5 February 2019 regarding the Whakanui stream. Your email was tabled and discussed at the Ashburton Zone Committee meeting on 26 February 2019.

There was much interest from the Zone Committee and other parties who attended the meeting. The cultural and biodiversity values were discussed along with the work already undertaken by Ashburton District Council, Forest and Bird and Rūnanga.

The Committee agrees that investigating the restoration of flows to the Whakanui is important and this will be included in the Committee's future work plan. We will update you when more progress has been made.

Ngā mihi

Bill Thomas
Chairman, Ashburton Zone Committee
