2. The reasons for making my submission are: *(state in summary the nature of your submission, giving reasons)*

I oppose the application from Fulton Hogan to establish a quarry for the following reasons:_____

I come to the Samadhi Vihara situated on Maddisons road, just 140m from the boundary of the proposed quarry site. The temple relocated to this site because of the amenity and serene outlook.

Noise: Fulton Hogan plans to have the quarry is in operation from 6 am to 6pm each day, including weekends. Noise from crushing equipment throughout the day will affect the peace and quiet of the neighborhood and make it difficult to carry out religious practices including meditation. Meditation requires a serene, quiet environment without noise or disturbances.

Dust: Dust can have severe health effects on the elderly and children. Depending on the wind speed and direction, we can have the temple buildings and meditation huts covered with dust and grit, requiring extra cleaning which could be costly. Air quality and wind speed need to be monitored. _____

Transport: Heavy trucks would be used to transport quarry aggregates out. These will be noisy and disperse dust along the neighboring streets. Fulton Hogan plans to have 1500 truck movements per day, which will create a substantial increase in the traffic volume in the area. The narrow roads in the neighborhood are not suited for such heavy vehicles. _____

Water: The quarry would use water for washing aggregates and also for washing trucks. This may have an effect on water quantity and quality. _____

3. I wish the consent authority to make the following decision: *(give details, including the general nature of any conditions sought)*

I want the Selwyn District Council and ECAN to DECLINE the application from Fulton Hogan and NOT GRANT consent for a quarry on the site bounded by Dawsons, Curragh, Maddisons and Johns Road.

I would like the following conditions imposed if consent is given:_____

Hours of operation: I would like the Quarry to reduce their hours of operation to only weekdays Monday to Friday from 7am to 6pm. Quarry should not be operating during the weekends or evenings after 6pm as religious programmes and meditation programmes are usually scheduled for the weekends and evenings. Quarry should not operate in the night time after 10pm as it will disrupt the sleep of the residents in the neighborhood and including the monks residing at the temple.

Truck Movements: Reduce truck movements to and from the quarry to 1000 or less per day. Truck operations must cease between 6pm and 7am in the weekdays. No truck movements to be allowed in the weekend to or from the quarry. _____

Fulton Hogan must ensure that there are no truck movements on Maddisons Road, at any time.
