Reasons comment:

The quarry is no-negotiable when there is known impact to community health. Quarry dust

is dangerous and will have an affect on the air quality in the area. There is noise and safety concerns from hundreds of trucks going in and out of the site every week. The practice is unsustainable and if the practice of quarrying should need to go ahead then it should be in an area that will not have an impact on human life.

Consent comment:

I wish for the authority to consider the impact on the community and environment and reject the applications for consent that will lead to the operation of the proposed quarry. CRC192408 – A land use consent to excavate material. CRC192409 – A land use consent to deposit cleanfill over an unconfined/semi-confined aquifer. CRC192410 – A discharge permit to discharge contaminants into air from an industrial or trade premise or process. CRC192411 – A discharge permit to discharge contaminants into land where it may enter water from an industrial or trade process within the Selwyn-Te Waihora sub-region. CRC192412 – A discharge permit to discharge stormwater into land where contaminants may enter groundwater. CRC192413 – A discharge permit to discharge contaminants into land where contaminants may enter groundwater associated with the deposition of cleanfill for site rehabilitation. CRC192414
