3. I wish the consent authority to make the following decision: *(give details, including the general nature of any conditions sought)*

PLEASE SEE ATTACHED NOTES

I own a property in Templeton and am concerned about:

Dust

Silica Dust pollution for obvious health reasons

Water Pollution:

As rural surrounding properties have their own well this would be a disaster if the ground water became polluted.

Noise Pollution

As we are already in the flight path and have Mike Pero Motor Sport Park, we are subject to enough noise pollution. To have a quarry running 300 days and nights per year just under plane db.'s (60), wanting 55 db.'s is way too much as planes etc. aren't constant noise. We shouldn't be subject to constant day and night noise pollution. If the freeway is supposed to take half the traffic, the noise pollution will be less. Should 55 db.'s be halved as well?

Truck Movements

1500 truck movements per day, 10% wanting to go through Templeton is not justified. Trucks going down Jones Road onto Railway Tce cannot safely take that corner, frequently going over white lines. At the Stop sign of Railway Tce and Kirk Rd they turn right into Kirk Road and then left into Waterloo Road. If a car is parked at Waterloo Road to turn right into Kirk Rd the truck cannot safely negotiate the corner, often damaging the left had corner of the footpath. Trucks using Kirk Rd coming from Miners Rd hit bumps and especially at night the sound is like a bomb going off. I have listened to concerned Kirk Rd residents. Plus they travel past our Community Centre, Park, Swimming Pool and School, an accident waiting to happen.

I wish the Authority to decline the consent but if approved with these conditions

- Quarry must be monitored 24/7 for dust, noise and water pollution by an Independent Authority at Fulton Hogan's cost.
- No night work but if approved, no crushing or heavy machinery work between the hours of 6.00pm and 6.00am, no Sunday work and no work after 4.00pm on Saturdays
- No maintenance work at night but if approved not above 30 db.'s
- No truck movement through Templeton especially Railway Tce, Kirk Rd and Waterloo Rd. All movement onto Main South Road always. All Miners Rd movement onto Main West Rd. Leave our Country Roads alone as they weren't made for trucks and semi-trailers.
- All trucks leaving the Quarry must be watered down and covered – no exceptions
- No reverse or moving beeps on trucks or moving equipment.
