2. The reasons for making my submission are: (state in summary the nature of your submission, giving reasons)

I oppose the application by Fulton Hogan for the following reasons: _____________________________________________________________

Location of the quarry

Long consent duration –for up to 40 years.

Long hours of operation of the quarry 6am to 6pm daily and increasing to 24 hours for up to 150 days.

______________________________________

Noise from the continuous operation of machinery at the quarry. Also, noise from heavy trucks carrying aggregates from the quarry.

______________________________________

Increased dust nuisance from excavating, crushing and stockpiling of aggregates until required. Dust pollution will increase on dry windy days. Also from trucks as they drive down roads.

______________________________________

Potential health hazards caused by dust on all who are exposed, would be more harmful to children and the elderly.

______________________________________

Increased numbers of Heavy vehicles travelling to and from the quarry site can cause congestion and also damage the roads around the quarry site.

______________________________________

Effect on water quantity and quality.

3. I wish the consent authority to make the following decision: (give details, including the general nature of any conditions sought)

I want the authorities to DECLINE the application from Fulton Hogan and NOT GRANT consent for a quarry on the site bounded by Dawsons, Curragh, Maddisons and Johns Road. _____________________________________________________________

I would like the following conditions imposed if consent is given: _____________________________________________________________

Reduce hours of operation: Quarry to work only on weekdays Monday to Friday from 7am to 6pm. Quarry should not be operating during the weekends. Religious programmes and meditation programmes are usually scheduled for the weekends and quarry operations will make it very difficult for us to carry out our normal activities at the temple.

Reduce Truck Movements: Reduce truck movements to and from the quarry to 1000 per day. Truck operations to cease between 6pm and 7am in the weekdays. No truck movements to be allowed in the weekends. Trucks should be covered to prevent dispersal of dust while in transit. _____________________________________________________________

There should be NO Heavy vehicles travelling on Maddisons Road to or from the quarry at any time. _____________________________________________________________
