Application to Selwyn District Council

RC185627 Land use for gravel extraction and processes

I / We support the application

I / We oppose the application

I / We are neutral to the application
(neither support or oppose)

I / We **do** wish to be heard in support of my/our submission*
(Note: this means you wish to speak in support of your submission at the hearing)

*If others make a similar submission, I will consider presenting a joint case with them at the hearing Yes No

OR

I / We **do not** wish to be heard in support of my/our submission

(Note: this means that you cannot speak at the hearing, however you will retain your right to appeal any decision to the Environment Court on any decision made by the Council.)

2. The reasons for making my submission are: (state in summary the nature of your submission, giving reasons)

We object to the applied resource consent application by Fulton Hogan for a quarry within the boundaries of Carraghs, Madisons, Dawsons & Jones Road. We are a family unit who moved to a semi-rural environment to be away from the constant noise of city life. We knew of the existing noise generators in the area being the airport, speedway and railway line however these are sporadic sources and accepted as part of the community. We feel a quarry would be detrimental to ours and our communities enjoyment of our own spaces through increased noise, dust, traffic vibration etc.. We are particularly concerned also with the adverse effects what will be experienced on groundwater and residents health through silica dust and general dust and noise pollution.

The roading in the district will also be adversely ^{affected} and the increased volume will no doubt lead to an increase in the already high traffic accident rate and the speedy and significant degradation in what are essentially domestic roads. There is ample quarrying already occurring and ready supplies of aggregate in the existing riverbeds and moving closer to the city is to simply reduce cost to quarrying at the expense of citizens health and quality of life.

3. I wish the consent authority to make the following decision: (give details, including the general nature of any conditions sought) Please attach additional pages if required

We wish the authority to reject the application and prevent all quarrying at the proposed site.

In the event this application is approved, we would expect that as a minimum the conditions requested by the Templeton Residents Association be adhered to being covering: traffic, noise, dust minimisation, water use, visual effects, operating hours, remediation and all other factors affecting the surrounding land and environment.

All monitoring to ensure compliance must be undertaken by an independent 3rd party with no ties to Fulton Hogan, Auckland City Council, Environment Canterbury or Selwyn District Council.

5. I/We am / am not a trade competitor for the purposes of section 308B of the Resource Management Act 1991. I/We am / am not directly affected by an effect of the subject matter of the submission that (a) adversely affects the environment; and (b) does not relate to trade competition or the effects of trade competition.

Signature of submitter or duly authorised agent on behalf of submitter

Date 30 5 / 19
