2. The reasons for making my submission are: *(state in summary the nature of your submission, giving reasons)*

I am opposed to the quarry for the following reasons; Traffic on Waterloo, Kirk, Railway Tce and Jones Rd is already at an unacceptable level, these roads were not designed and made for the present levels of vehicles never mind the extra vehicles that will use these roads, if the quarry goes ahead. My house has already sustained considerable damage due to present heavy vehicle movements, windows are popping, walls ceilings and eavings are cracking. The constant noise of trucks is mentally stressful and negates the reason for moving out of the city for a quieter life. A 24/7 operation will make life here unbearable. Dust is a constant problem already, and with my wife having a bronchial problem, this is only going to get worse. What will this do to our water supply in the future, are we not caretakers of the land for future generations or are bigger profits more important to these companies.
