Reasons comment:

I wish to oppose all of these resource consents that Fulton Hogan are applying for as I think they will be extremely detrimental to the area. Fulton Hogan are a big company that should not be able to come into an area with so many residents. I am sure that they could find a better location away from these residents. The noise, dust and activity will be extremely harmful, not to mention the terrible blight on the land. The people in the area have brought their properties wanting a quite rural life that will now be changed for the foreseeable future. I think that it is quite shocking that it has even got as far as this. Please think about all the people that this will affect.
