Reasons comment:

It will provide employment opportunities in the area. It will support the infrastructure requirements and continued aggregate supply in and around Christchurch. It will allow continued high quality supply of aggregate for growth predictions in future for the region. Bunds built will provide noise barriers and enhance the landscape. Fulton Hogan cares for the environment, the landscape and the people of the area. They also have the financial resources to support this and lead by example in how a quarry should be run.

Consent comment:

Approval of all consents outlined.
