**Reasons comment:**

I have been using the Fulton Hogan Quarry on Pound Road for the last 20+ years because it not only has the best aggregate in Christchurch but the close proximity to town lowers the cost of carting. The further I travel the more cost to me and the customer and environment in using diesel etc. In my experience the quarry has not created any dust or noise out of the ordinary a gravel road would be much worse and Fulton Hogan manage the quarry at a very high standard.
