2. The reasons for making my submission are: (state in summary the nature of your submission, giving reasons)

I am concerned the truck movement from the quarry area down Jones Rd into Railway Tce and turning into Waterloo Rd by the Railway Crossing as it is already a dangerous area. Trucks need to go onto Main South Road from Dawsons Rd. I do not approve of good farmland being cut up to make a quarry. As it is on the flight path and the Templeton Village is not allowed to expand why should the Quarry being allowed to make a huge hole that a plane in trouble could not land on. Should this go ahead I can see a tremendous increase in truck movements over a day which I understand farmers are only allowed a certain amount - why the difference? As there is only one pedestrian crossing in Templeton what about the school children and I myself am disabled and go out and about on my beeper and it is very dangerous crossing Railway Tce, Kirk Road into Waterloo Rd at any time now night or day. I am strongly opposed.

Please attach additional pages if required

3. I wish the consent authority to make the following decision: (give details, including the general nature of any conditions sought)

I strongly oppose it going ahead but with these conditions.

- Daily volumes of truck movement: only in daylight hours.
- Safety on already very dangerous roads.
- How and where can one get onto the cycle track once done.
- How can you control the dust? and what about our outdoor living - there will be dust on our homes, washing, garden, veges we eat etc, etc,
- Noise and Water Pollution - how can you minimise these?

5. ☒ I/We **am / am not** a trade competitor for the purposes of section 308B of the Resource Management Act 1991.
I/We **am / am not** directly affected by an effect of the subject matter of the submission that (a) adversely affects the environment; and (b) does not relate to trade competition or the effects of trade competition.
