**Reasons comment:**

We live on Jones Road and are greatly concerned about the possibility of having a quarry just down the road from us. In particular we have concerns for the following: Our safety travelling along this road, damage to the roads, flying debris from trucks, debris left on the road (already I have collected metal items/strops from Jones Road after nearing driving over the top of them. In addition we believe this quarry will cause serious environmental impacts related to quarrying activities including vibrations (this may affect our homes), quarry water pollution (how will this impact on our wells?), noise pollution, air pollution (issues to our health?), will lead to health-related problems and loss of what wildlife remains in this area.

---

**Consent comment:**

Decline due to the above reasons.
