Reasons comment:

I am very concerned about the quality of life being ruined in the small village of Templeton. You live in a rural environment for peace and quiet not to breathe in harmful dust and listen to trucks up and down the streets . I have sold and moved from the home I loved because of the threat to the environment and the stress and anxiety that it was causing. I am also very concerned about the lovely water that we have enjoyed using which will potentially be compromised. I feel if this quarry is given consent you are starting a really dangerous precedent for future quarry's which have already been proven to ruin people's air quality causing breathing problems to worsen and noise which affects your mental health.

Consent comment:

I wish one of the conditions to limit truck movements to 5 days a week during business hours only. I also wish for ALL trucks to be fully covered and not be allowed to use Jones Road onto Railway Terrace and through Kirk Road as a route for trucks. I wish all trucks are only allowed to use State Highway One.
