2. The reasons for making my submission are: (state in summary the nature of your submission, giving reasons)

① My Residential Character:
I came to this area [redacted] after the 2011 earthquake. I love and enjoy the quiet, peaceful surrounding. I take genuine value from the calm village atmosphere.

② Noise:
I have serious concerns on the effect noise will have on the community and me personally. I have been a shift worker and so struggle with sleep. Noise from machinery / trucks which include night time noise ie site work and trucks.

③ Dust:
Settling dust and its effect on homes ie cladding, surrounding areas growth.
The health of those close by, including young grandchildren with breathing difficulties. Along with domestic pets health. Air quality should be paramount, I believe this will be to.

Please attach additional pages if required

Mon — Sat } work not to start prior to 7am and to finish at 5pm
No trucks outside the suggest hours.
