**Reasons comment:**

Our community is a place of religious worship and gathering, for the Srilankan Buddhist community. To have a quarry in the vicinity would be disturbance to the establishment as loud sounds would disturb activities such as meditation. Dust from the quarry would also be a health risk for them and others, it could also be damaging to the natural aspects of the establishment. Not to forget our more elderly patrons who frequent this establishment. To build a quarry would be to take away their time to become more attuned with their religious practices as the disturbance would prove to be a hindrance to them. The Samadhi Buddhist Vihara is a community of many like-minded individuals seeking to find spiritual harmony. To build a quarry would be to upturn everything the Samadhi Buddhist Vihara was built for. Therefore I am opposed to the building of the quarry in Templeton.

---

**Consent comment:**

I want Sewlyn District council to and ECAN to decline the application from Fulton Hogan, and to reduce truck movements near the Samadhi Buddhist Vihara.
