2. The reasons for making my submission are: *(state in summary the nature of your submission, giving reasons)*

I oppose the application by Fulton Hogan for the following reasons: _____

I attend the Samadhi Vihara regularly to pray and to meditate in a serene environment. The proposed site of the quarry is only 140m across the road (Maddisons Road) from the boundary of the temple and will have a negative impact on our community in several ways,

The quarry will be in operation from 6am to 6pm daily, including Saturdays. On 150 days of the year, they are proposing to work for up to 24h. _____

Incessant loud noise from the operation of machinery at the quarry will make it difficult for us to carry out our normal religious activities. Also, noise from heavy trucks carrying aggregates from the quarry will add to the noise levels. For 150 days they plan to have some night time activities which will also have an impact on the health and well-being of the resident monks. _____

Increased dust nuisance from excavating, crushing and stockpiling of aggregates until required. Also trucks will disperse dust as they drive down roads carrying the aggregates. _____

Effects on water quantity and quality. _____

Please attach additional pages if required

3. I wish the consent authority to make the following decision: *(give details, including the general nature of any conditions sought)*

I want the authorities to DECLINE the application from Fulton Hogan and NOT GRANT consent for a quarry on the site bounded by Dawsons, Curragh, Maddisons and Johns Road. _____

I would like the following conditions imposed if consent is given: _____

Hours of operation: Quarry to reduce hours of operation and work only on weekdays Monday to Friday from 7am to 6pm. Quarry should NOT be operating or doing any other work during the weekends and public holidays. Our religious programmes and meditation programmes are usually scheduled for the weekends.

Truck Movements: Reduce truck movements to and from the quarry to 1000 per day. Truck operations to cease between 6pm and 7am in the weekdays. No truck movements to be allowed in the weekends. Trucks should be covered to prevent dispersal of dust while in transit. _____

We want the quarry to stop operating heavy machinery when we hold Meditation retreats

No quarrying/excavating to be done less than 250m from the boundary _____
