Group ID: 422

Consent name: Fulton Hogan - Roydon Quarry

Consent number: CRC192408, CRC192409, CRC192410, CRC192411, CRC192412, CRC192413, CRC192414, RC185627

Name: Sean McFarlane

Care of:

Contact by email: Yes

Is a trade competitor: No

Directly affected: No

Reasons comment:

I am making this submission to protect the interests of my [REDACTED] mother (a resident of the Templeton township) and the community I grew up in. The proposed Roydon Quarry is too close to the urban community of Templeton and its wider traditional rural communities. It will have many negative impacts on the area, it residents safety, general health, living culture and environment. I am willing to present around the same time / same

day(s) as

[REDACTED]
[REDACTED] We are not making a joint submission, but there may be issues we raise as individuals that corroborate each other.

Consent comment:

I wish to oppose all consents and ask the commissioner(s) to refuse all consent requests. I will be reading in person in support of my submission at the hearing and will address the many conditions I seek should the commissioner(s) allow consents. I understand that I may have to release these before hearing, but at this stage they are subject to amendment based on information to be released prior to the hearing.

I, Sean McFarlane, completely oppose all consents applied for by Fulton Hogan for the Roydon Quarry in any and all aspects

I request to speak to the following, in full, at the hearing. Photographs and limited documents will be will be presented in support of my submission.

Roading/truck traffic

- Increased heavy truck traffic
- Safety of other road users and residents
- Proposed truck routes
- Roading alterations and impacts on roads

Hours of operation

Noise and vibration

Actual commercial need for quarry

Dust

- Separation from residential property
- Containment
- Health risks
- Proposed mitigation
- Self-monitoring
- Environmental landscaping
- Changing mind of medical opinion concerning dust

Land remediation

- Proposed remedy
- Material to be used

Conflicts of interest

- Councils and quarry companies
- Investigation of complaints and breaking of consent requirements

Effect on aircraft landing approach safety to Christchurch Airport

Christchurch City Council's very recent proposals for neighbouring Christchurch City Council owned land (173 Maddisons Road)

- Proposal for cemetery and talk of a council developed sports hub offering sporting facilities to the wider community in a sometimes forgotten area of the city

Overall detrimental effect on community's way of life, both local and the wider community.
