To whom it may concern;

I am deeply concerned at your radical proposals and feel that you are attempting to undermine a Kiwi pastime that has been around for many generations.

My family and I have been active hunters and fishers for years and we expect our grandchildren to follow suit ; unimpeded by a ridiculous attempt at stymieing a pleasant way of enjoying the great outdoors.

Trying to push through a multitude of ill planned and unpopular bylaws or agendas in panic, in case this Government is not around after the next elections is NOT a platform to be proud of.

Surely there are more amicable solutions than the selfish ones you are proposing?

I and my Grandchildren hope so!
