

Submission on Plan Change 7 to the Canterbury Land and Water Regional Plan

By **Southern Peake Dairies**

Submitter Identification number: **PC7-557**

Wishes to be heard: **No**

Would consider making a joint submission at the hearing: **No**

Submitted on: **12/09/2019**

This submission was submitted via Environment Canterbury's online submission portal. The Submissions portal generates pdf files of submissions (as attached). However, some of the information that appears in the pdf files is not consistent with information the submitter entered into the portal, specifically, where submitters have ticked:

- "I wish to be heard in support of my submission" ; and
- "If others make a similar submission I will consider presenting a joint case with them at a hearing".

Additionally, the submissions portal has generated submitter and submission point numbers that are not consistent with the numbering applied in the Summary of Decisions Requested. Submission points in the Summary of Decisions Requested (SODR) are numbered using the following format:

PC7 – Submitter ID #.Submission point #

The correct submitter identification number and submitter information is specified above. This will be the number referred to in the SODR.

 - (b) does not relate to trade competition or the effects of trade competition
 - Yes

Submission points

Point 87.1

Submission

Oppose against PC7.

PC7 will have a major financial impact to north Canterbury.

Major impact on business and family in the rural and urban areas.

I agree changes need to be made, however they need to be made with correct information and accurate data.

Farmers should meet GMP by 2025.

Any more reductions should be recessed at 2030 with 5 years data to back up the plan.

Reductions should be made collectively not divided into zones as per plan.
