

The Quarry Will increase the volume of heavy traffic including trailers in the Templeton Township area. There is nothing on this form to address the traffic concerns other than opposing the whole Quarry. If the Selwyn Council and the Christchurch City Council were to impose movement restrictions through the township a number of problems will be resolved. .

As a minimum ALL QUARRY MOVEMENTS should be barred from using Kirk Road between SH1 and Maddison's Rd. And from Jones Road between Kirk Road and Dawsons Road. And Waterloo Road from Kirk Road to Pound Road.

There are sufficient State Highways and Rural roads in all directions to carry this traffic.

Hours of operation should be restricted. There are already recreational areas with noise and time restrictions imposed close to the Templeton township.

To allow a Quarry unlimited working hours should then allow a longer operational window at Ruapuna Raceway.

There should be working hours of not more than ten hours per day Monday to Friday from 0700 to 1700hrs Five hours on a Saturday morning from 0700 to 1200hrs.

Provision could be given to operate outside these times up to 35 times in a year from 1 Jan to 31st Dec. This would cover a large "Urgent" contract or for a weather delay for example.

The increased risks and dangers to all residents in Templeton from increased traffic does not need explaining. To have this Traffic restricted will have a flow on effect to all concerned, (especially around the SH 1, Kirk Rd railway crossing with the 9m length restriction and future cycle way)

The "NEW Traffic" flows will also flow on to other Heavy Traffic Movements, further increasing safety. and retaining the "Village" atmosphere so important in Templeton. Do not take from this that I am looking forward to the Quarry as my new neighbour, I'm Not!!!

However I have been around long enough to understand that decisions go where the votes and the money go. And for this reason believe that the quarry will receive all the "Spin" necessary to push it over the line and make Templeton residents feel like we have just won Lotto

Thankyou.

Andy Anderson
