<i>Name &amp; postal address of original submission</i>	<i>Submission point reference number i.e. 4.23</i>	<i>Provide reason for support or opposition</i>	<i>Allow or disallow</i>
Te Rūnanga o Arowhenua and Te Rūnanga o Ngāi Tahu	Policy 14.4.14 - PC7-424.6	The intent of the proposed policy seems to be the same as that proposed by the submitter, but the submitter's proposed amendments would provide more clarity. However, the term "catchment" in the policy still needs to be defined as per TCWP original submission.	Allow subject to proposed amendments in the TCWP's original submission.
Te Rūnanga o Arowhenua and Te Rūnanga o Ngāi Tahu	Policy 14.4.30 - PC7-424.9	Oppose proposed shorter duration to phase out over allocation and recommend this be changed to 2040 as per TCWP's original submission	Disallow
Royal Forest & Bird Protection Society Inc.	Policy 14.4.30/31/32 - PC7-472.175, 472.176, PC7-472.177, PC7-472.176	Oppose shorter duration to phase out over allocation and recommend this be changed to 2040 as per TCWP's original submission	Disallow
Te Rūnanga o Arowhenua and Te Rūnanga o Ngāi Tahu	Policy 14.4.30/31 - PC7-424.207, 424.209, 424.210	Oppose proposed shorter duration to phase out over allocation and recommend this be changed to 2040 as per TCWP's original submission	Disallow
Central South Island Fish and Game Council	Policy 14.4.30/32 - PC7-351.48, 351.49	Oppose retention of Policies 14.4.30/32 as notified and recommend these Policies be changed to require phasing out of over allocation by 2040 as per TCWP's original submission	Disallow
Te Rūnanga o Arowhenua and Te Rūnanga o Ngāi Tahu	Policy 14.04.33 - PC7-424.11	The TCWP supports the submitter's request that reductions in existing allocation must be returned to the river in the first instance, after which allowance should be made for allocation that has been determined to be for cultural purposes.	Allow in part

Synlait Milk Limited	Rule 14.5.1 - PC7-188.13	Oppose transfers of water for industrial use in the Temuka catchment, given irrigators are facing huge reductions in allocation, it would be inequitable to provide an exemption for water transfers for industrial purposes. If industrial needs achieves Community water supply requirements, then it would be exempt from the allocation.	Disallow
Te Rūnanga o Arowhenua and Te Rūnanga o Ngāi Tahu	Rule 14.05.01 - PC7-424.13, 14	Support controlled status and deletion of references to Cultural Impact Assessment and replacement with a report that identifies how mahinga kai will be enhanced and water quality/quantity maintained. Recommend that it is still identified that water is retained for mahinga kia enhancement.	Allow
Te Rūnanga o Arowhenua and Te Rūnanga o Ngāi Tahu	Rule 14.05.02 - PC7-424.16	Opposes the implications of the decision sought, i.e. that a consenting pathway is enabled for takes that exceed environmental flows and allocation.	Disallow
Te Rūnanga o Arowhenua and Te Rūnanga o Ngāi Tahu	Rule 14.05.03 - PC7-424.17	The decision sought does not make sense as it would mean Rule 4.5.1 - 14.5.3 would need to be deleted, as they govern the taking and use of water from the Temuka River for mahinga kai enhancement purposes.	Disallow
Te Rūnanga o Arowhenua and Te Rūnanga o Ngāi Tahu	14.05.New - PC7-424.37	Support the non-complying activity status of taking and use of surface water from a catchment for use within another catchment is a non-complying activity.	Allow
