## Further Submission on Plan Change 7 to the Canterbury Land and Water Regional Plan

Form 6: Further Submissions in support of, or in opposition to, submission on a Publicly Notified Proposed Policy Statement or Regional Plan under Clause 8 of Schedule 1 of the Resource Management Act 1991.

**Return your signed submission to:**

Customer Services  
Environment Canterbury  
P O Box 345  
Christchurch 8140

or

by email to [mailroom@ecan.govt.nz](mailto:mailroom@ecan.govt.nz)  
with "Plan Change 7 LWRP Further Submission"  
in the subject line

**Full Name:** Peter Kingsbury

**Phone (Hm):** na

**Organisation\*:** Christchurch City Council  
\* the organisation that this submission is made on behalf of

**Phone (Wk):** 03 941 8487

**Postal Address:** P O Box 73012, Christchurch, 8154

**Phone (Cell):** 027 599 4615

**Email:** peter.kingsbury@ccc.govt.nz

**Only certain people can make further submissions. Please tick the option that applies to you:**

- ☐ I am a person representing a relevant aspect of the public interest; or
- ☐ I am a person who has an interest in the proposal that is greater than the interest the general public has (for example, I am affected by the content of a submission); or
- ☒ I am the local authority for the relevant area.

- ☐ I do not wish to be heard in support of my submission; or
- ☒ I do wish to be heard in support of my submission; and if so,
- ☒ I would be prepared to consider presenting your submission in a joint case with others making a similar submission at any hearing

**Service of your further submission:**

Please note: any person making a further submission must **serve a copy of that submission on the original submitter no later than five working days after the submission has been provided to Environment Canterbury**. If you have made a further submission on a number of original submissions, then copies of your further submission will need to be served with each original submitter.

**Signature:** 

**Date:** 6 December 2019

(Signature of person making submission or person authorised to sign on behalf of person making the submission)

Please note:

(1) all information contained in a submission under the Resource Management Act 1991, including names and addresses for service, becomes public information.

(1) I support or oppose the submission of:	(2) The particular parts of the submission I support or oppose are:	(3) The reasons for my support or opposition are:	(3) I seek that the whole or part [as per column 2] of the submission be allowed or disallowed:
<i>Name &amp; postal address of original submission</i>	<i>Submission point reference number i.e. 4.23</i>	<i>Provide reason for support or opposition</i>	<i>Allow or disallow</i>
<p>Federated Farmers of New Zealand Box 414, Ashburton, New Zealand</p> <p><a href="mailto:lhume@fedfarm.org.nz">lhume@fedfarm.org.nz</a></p>	<p>PC7-430.69</p> <p>Federated Farmers Seeks that Outcome 9 be amended as follows:</p> <p><i>Outcome 9 was established in response to science investigations which concluded that a proportion of recharge to Christchurch's deep aquifer system <u>beneath Belfast and North Christchurch</u> is likely to be derived from an area within the Waimakariri Sub-region.</i></p> <p><i><u>Any effect on the aquifers below the main part of Christchurch is much less certain. It should also be noted that, currently, there is no evidence of elevated nitrate concentrations in Christchurch's aquifers, that any effect would be long term (timeframe of 50 - 100 years) and, even over that timeframe (assuming a worst case scenario), any increases in nitrate concentration would be below the Maximum Acceptable Value for safe drinking water.</u></i></p>	<p>CCC consider that the proposed additional words undermine the intent of outcome 9 as decided by the Zone Committee and the science that has established that there is a relationship between the Waimakariri Sub Zone and the Christchurch aquifers, which is not limited to Belfast and North Christchurch. The words contain matters which may be factually incorrect particularly in respect to evidence of elevated nitrates in Christchurch's aquifers.</p> <p>The additional requested words are considered unnecessary and incorrect.</p> <p>It is considered that ECan should provide more information on its modelling to clarify aspects such as particle tracking and residence time.</p>	<p>Disallow</p>
