Reasons comment:

I urge the councillors to reject the application by Oceania Dairy Limited. Industry in New Zealand must realise that they should not regard the rivers, coast and our seas as a

dumping ground. That mistake has already been made by the dairy industry and we as New Zealanders are still suffering for it with a polluted and damaged environment. It would be absolute folly to continue to think that we, our environment, our heritage, can continue to suffer from this industry's expansionist dreams when it that have no real way of dealing with the waste it generates.
