

ASHBURTON WATER MANAGEMENT ZONE COMMITTEE AGENDA

A **Meeting** of the Ashburton Water Management Zone Committee will be held as follows:

DATE:	Tuesday 28 July 2020
TIME:	1:00 pm
VENUE:	Council Chamber 137 Havelock Street Ashburton
MEETING CALLED BY:	Hamish Riach, Chief Executive, Ashburton District Council Stefanie Rixecker, Acting Chief Executive, Environment Canterbury
ATTENDEES:	Mr Chris Allen Mrs Angela Cushnie Ms Genevieve de Spa Mr Cargill Henderson Mr Bill Thomas Mr John Waugh Mr Arapata Reuben (Te Ngai Tuahuriri Runanga) Mr Karl Russell (Te Runanga o Arowhenua) Mr Les Wanhalla (Te Taumutu Runanga) Mr Brad Waldon-Gibbons (Tangata Whenua Facilitator) Councillor Stuart Wilson (Ashburton District Council) Councillor Ian Mackenzie (Environment Canterbury) Mayor Neil Brown (Ashburton District Council)

Zone Facilitator Dave Moore Tel: 027 604 3908 dave.moore@ecan.govt.nz Environment Canterbury Committee Advisor Carol McAtamney Tel: 307 9645 carol.mcatamney@adc.govt.nz Ashburton District Council Tangata Whenua Facilitator Brad Waldon-Gibbons Tel: 027 313 4786 <u>brad.waldon-</u> <u>gibbons@ecan.govt.nz</u>

Environment Canterbury

4 Register of Interests

Representative's N	ame and Interest
Chris Allen	Farm owner of sheep, beef, lambs, crop
enno / men	Water resource consents to take water from tributary of Ashburton River and shallow wells
	National board member Federated Farmers of New Zealand with responsibility for RMA,
	water and biodiversity
	Member of Ashburton River Liaison Group
Neil Brown	Mayor
	Acton Irrigation Limited - Director
	Irrigo Centre Limited - Director
	Acton Farmers Irrigation Co-operative Limited - Director
	Browns Farm Limited – Director and Shareholder
Angela Cushnie	Owner of Country Copy, a communication and promotion business based in Mid
	Canterbury
	Operates a very small lifestyle block in Eiffelton
	Kanuka Mid Canterbury Regeneration Trust - Trustee
	Rakaia Environmental Enhancement Trust (Deputy Representative)
	NZ Landcare Trust 'Managing Westlands as Farm Assets's project' – Farmer Engagement
	Hinds Reserve Board Committee member
	Canterbury Water Management Regional Committee
Genevieve de Spa	Owner of Kakariki Camps focusing on 'Head, Hands, Heart' approach to biodiversity
	education
	Employee and member of Stavely Campsite Committee
	Recipient of Immediate Steps Funding
	Member Mt Somers Walkway Society and Ashburton District Biodiversity Action Group
	(ADBAG)
	Active member and organiser of 'Extinction Rebellion
Cargill Henderson	Environmental Manager – ANZCO Foods Ltd
Ian MacKenzie	Environment Canterbury Councillor
Karl Russell	Arowhenua Marae Trustee
Arapata Reuben	Trustee – Tuahiwi Marae
·	Trustee – Tuhono Trust
	Trustee – Mana Waitaha Charitable Trust
	Member - National Kiwi Recovery Group
	Rūnanga Rep and Chair – Christchurch – West Melton Water Zone Committee
Bill Thomas	Farm owner of Longbeach Estate Ltd (sheep, beef, lambs, arable, dairy)
	Member of Eiffelton Irrigation Scheme
	Hekeao/Hinds Water Enhancement Trust – Trustee
	Director of Longbeach Estate & Longbeach Dairies
Les Wanhalla	Returning good health and mauri O Te Waihora/Lake Ellesmere
	Kaitiakitanga, Whakapapa
	Rugby league, life member, honorary south Kiwi
Stuart Wilson	Ashburton District Councillor and Chair of Service Delivery Committee
	A son who is a Director of Mayfield Hinds Irrigation Co and Chair of RDR
John Waugh	Member of the Ashburton Branch of the Royal Forest and Bird Protection Society
	Member of Hydrological Society
	Rakaia Environmental Enhancement Trust (Representative)

5 Confirmation of Minutes

Unconfirmed Minutes

Minutes of a meeting of the **Ashburton Water Management Zone Committee** held on Tuesday 23 June 2020, commencing at 1:00 pm in the Council Chamber, 137 Havelock Street, Ashburton.

Present

Mayor Neil Brown, Councillor Ian MacKenzie, Councillor Stuart Wilson, Bill Thomas (Chair), Chris Allen, Angela Cushnie, Genevieve de Spa, Araparta Reuben, Karl Russell, Les Wanhalla and John Waugh.

In attendance

Environment Canterbury: Dave Moore (Facilitator), Ashburton District Council: Carol McAtamney (minutes)

9 members of the public in attendance (Crs Lovett and Rawlinson)

1 Welcome

Karl Russell opened the meeting with a Karakia.

2 Apologies

That an apology for absence be received on behalf of Cargill Henderson and lateness on behalf of Angela Cushnie (1.15pm) and Ian Mackenzie (1.20pm)

Thomas/Russell

Carried

3 Extraordinary Business

Regenerative Agriculture.

4 Register of Interests

Bill Thomas addition of Director of Longbeach Estate and Longbeach Dairies. Angela Cushnie addition of Canterbury Water Management Regional Committee and removal of Advance Ashburton Communication Committee member, Co author of 'Water, Farming and Families' and Freelance writer for Latitude Magazine.

5 Confirmation of Minutes

That the minutes of the Ashburton Water Management Zone Committee meeting held on 26 May 2020, be taken as read and confirmed.

de Spa/Allen

Carried

6.1 Matters Arising

Nil.

6 Correspondence

Inward:

Ashburton Community Conservation Trust.

Outward:

Nil.

7 Public Contributions

Edith Smith from Forest and Bird expressed their appreciation to the Committee for the funding received for the Harris Scientific reserve.

8 Managed Aquifer Recharge Project Updates

Peter Lowe/Dr Brett Painter- Project Manager (1.10pm)

Presented the Year 4 update and next steps for the Hekeoa/Hinds Managed Aquifer Recharge Trial

What's next for the MAR Trial

- Improved suspended sediment management
- Improved E-coli management (eg laser bird scarer)
- Scheme wide monitoring plan (surface and ground)
- Long term consents
- Long term access to sufficient water
- Additional sites and distribution
- Business case and communications plan

That the Zone Committee receive the report.

Wilson/Wanhalla

Carried

9 Immediate Steps Projects Update

The Upper Rangitata and Upper Rakaia predator control project is now in year three of its four year funding term. A request was made for a report on how many predators had been captured in each of the areas.

10 Carters Creek Community Project - Follow Up Report

Lachie Ashton

Following a request from the May meeting a report outlining further water quality data was tabled at the meeting The report detailed:

- Monthly water quality data from 16 August 2018 to 18 January 2019 (six monthly samples at six sites)
- Faecal source tracking sampling on three occasions to determine likely bacteria sources

Plans are being made to make Carters Creek a community project and a project team is currently being established to progress the catchment/restoration project.

Currently, the project team is composed of Willie Leferink (Hinds and District Lions), Angela Cushnie (Community Member) and Lachie Ashton (Ecan). Discussions are also being undertaken with the Lake Hood Extension Trust. An invitation will be extended to the Ashburton District Council to have a representative on this team.

11 Mahinga Kai and Fit for Future Sub Section Goals

Brad Waldon-Gibbons (2.15pm to 2.53pm)

Presentation outlining what mahinga kai encompasses and its relevance to the CWMS fit for future target and goals review that was completed in 2019 and to explore what opportunities there may be for the Zone Committee in the future.

Future thoughts:

- What do we need to further discuss as a committee
- What are the other decision we make, and what are their effect on Mahinga Kai
- Is there a role for the Zone Committee

An invitation is to be extended to Rosemary Clucas - Pou Mātai Kō (Cultural Land Management Advisor) for the South Zones to attend the next Zone Committee meeting

12 Facilitators Update

Zone Committee Review

Environment Canterbury have developed a draft report outlining suggestions for improvements and changes to the role and functions of zone committees. These will now be put to Territorial Authorities, Rūnanga Reps and Zone Committee representatives for discussion and review. The aim is to have this review completed by the end of July 2020.

Consent Reviews

Following a query at the previous meeting a report by Bianca Sullivan outlining the support processes that are in place for consent holders who may be experiencing stress during the Hakatere Ashburton River Consent Review process was tabled.

13 Other Business

Regenerative Farming

The subject of regenerative farming and the possibility of a farm trial being undertaken in the Ashburton district was discussed.

It was agreed that a sub committee consisting of the Chair Bill Thomas, Deputy Chair Chris Allen, Facilitator Dave Moore and Janine Holland Ecan Zone Delivery Lead-Ashburton be appointed to produce a balanced report to the Zone Committee for consideration.

Next meeting

The next meeting of the Ashburton Water Zone Committee will be held in the Ashburton District Council Chamber at 1:00pm on Tuesday 28 July 2020.

The meeting closed at 3.15pm with a Karakia by Karl Russell.

Dated this 28th day of July 2020 _____ (Chair)

Ashburton Zone Committee Report

Date	28 July 2020
Report to	Ashburton Water Zone Committee
From	Sarah Heddell
Subject	Work Programme Progress Update for Quarters 3 and 4 (Jan-Jun) FY 2019/20

10 Work Programme Progress Update for Quarters 3 and 4 (Jan-Jun) FY 2019/20

Ashburton - Work Programme Progress Update for Quarters 3 & 4 (Jan-Jun) FY2019/20

Ashburton Work Programme Summary:

The first half of 2020 saw a focus on three work programmes primarily in Ashburton Zone; the instigation of on the ground investigations for the Carters Creek catchment project, the shaping up of the Ashburton Lakes project including collaborations with stakeholders, and progress on the implementation plans for the Ashburton Rivermouth Management Strategy. Partners involved in these conversations include the Hinds Plains Lions, Kanuka Trust and Lake Hood Extension Trust alongside Environment Canterbury and Ashburton District Council (ADC) for the Carters Creek project. The Ashburton Lakes project saw Arowhenua and Ngai Tahu host a hui in January involving Environment Canterbury, Ashburton District Council, DOC, CSIFG and LINZ. The Ashburton Rivermouth Strategy implementation saw affected landowners including ADC, DOC, ECan and LINZ, as well as stakeholder groups CSIFG, Hakatere Huts Residents and Ashburton Forest & Bird, kept informed of implementation plans including signage, track creation and fencing at the river mouth. The Covid 19 lockdown affected the community and statutory authorities' abilities to implement work on the ground for three months, but progress was made in June particularly on the rivermouth project with operational signage installed and the commencement of track creation.

Good management practice (GMP)	
GMP Relationships - Industry supported	 Achievements: Continuous meetings with banks in Ashburton to keep them up to date with relevant topics. Covid-19 cancelled some of these meetings but are now back on track. The banks have been working with us on individual queries in the time between meetings. Phone calls and individual meetings with consultants, as well as input from seniors and principal advisors in Christchurch. Farming Land Use campaigns still underway very few to still get consents in, some abatement notices have gone out with some more underway from the Over 50ha of irrigation campaign to finish it. dule Ashburton Lakes Hui with statutory agencies held in Jan to discuss progress and next steps. Hui with majority of landowners in March to discuss science to date and what new sample sites are being undertaken. The modelling of hydrology and nutrients carried out for the Ashburton Lakes in 2014 is being updated to incorporate new data collected since that time. Once all the sources and sinks have been identified and where possible, field-validated with landowners, actions plans will be developed to address critical source areas for nutrients particularly nitrogen. The hydrology of the basin is complicated which is why a sound understanding of sources and sinks is required, so actions taken will make a real difference.
FEP Support - Targeted FEP support for higher N leaching and irrigated properties, as well as properties outside of schemesOn Sche	Achievements:Currently the majority of the work towards this milestone is being done viaproviding support to consultants who are in the process of doing FEPs for theirclients and getting consent applications in as soon as they can. Land

		Management Advisors involved in helping farmers prepare for audits and also in the follow up of non-complying audit grades. Some abatement notices have gone out for overdue consent applications as part of the campaigns.
Irrigation Efficiency - Work with individual consent holders, industry and schemes to ensure all irrigated properties are undertaking assessments of their irrigation systems, with actions taken to implement improvements that are identified	On Schedule	Achievements: As the number of individual Farming Land Use consents increases so does the number of audits done on farm. These include audits of irrigation systems. Still high numbers getting pass grades in the audit, but we are now seeing a few more C/D grades coming through. This is requiring support from a land management advisor in the first instance, before an RMO gets involved. Most properties are undertaking assessments of their irrigation systems prior to audit or due to post audit action requirements. Audits have a large focus on this area and a large number of irrigators have had componentry replaced to increase efficiency.
Water User Groups - Work with water user groups to identify opportunities to upskill and educate user group members around GMP	On Schedule	Achievements: Covid 19 lockdown impacted on activity levels. Ashburton Consent Review project team met several times during first six months of the year. Planning for Green Street drop in sessions in July 2020. New RMOs Nicola McDougall and Amy McIlraith were introduced to irrigation scheme representatives. ECan meeting with RDRML to discuss issues including Cracroft intake, fish screen and Klondyke. Follow up meeting with RDRML, MHV and ADC regarding Cracroft. Site meeting with BCI once lockdown lifted to review pond storage issue. Clarification of irrigation scheme scenarios for rural bankers during meetings May and June. Introduction of new ECan Regional Implementation irrigation schemes management advisor Hannah Leckie to Ashburton Zone Committee and relevant stakeholders.

Farming at Good Management Practice - Campaigns	On Schedule	Achievements: Majority have now applied. Still some with technical issues and some extensions on compassionate grounds but all are still working towards applying as soon as possible and most have now applied. Some abatement notices have gone out with some still to go.
Biodiversity		
Biodiversity Collaboration - ADC's Biodiversity Working Group provides and ongoing forum for co-ordination of biodiversity work programmes across the zone.	On Schedule	Achievements: New ADBAG chair Cr Lynette Lovett. First meeting held March 2020. Next one planned for August 2020. Regular ECan liaison with ADC biodiversity staff member Bert Hoffmans to progress Ashburton Rivermouth Hakatere Management Strategy and implementation priorities, in tandem with Ashton Beach work. Progress during six months included development and installation of some signage at rivermouth, commencement of vehicle track creation and liaison with neighboring landowners. ECan debrief with ADC staff following 4WD event in Ashburton River. ECan meeting with Ashburton Forest&Bird and planning for meeting with Kanuka Trust. IMS spending of final portion of 2019/2020 \$100,000 fund completed in this quarter.
Braided River Bird Protection - Priority weed and pest control in the Rakaia, Rangitata and Ashburton Rivers is implemented with support from Regional IMS and Zone IMS funding	On Schedule	Achievements: Trapping groups continued their work. Survey of Ashburton upper river wasn't resurrected from December 2019, nor was the end of season bird habitat meeting held, due to the impact of Covid 19 lockdown period. Waiting for DOC report to be completed. Planning for next stage of work which will commence in spring 2020. ECan staff met with ADC staff to debrief 4WD event held in Ashburton and plan management

		approach for next year's event.
Biodiversity Focus Areas - Develop and implement a programme to support the management of biodiversity values in two priority areas - the foothills and foothill streams/coast. Support on the ground via Zone IMS funds	On Schedule	Achievements: With the exception of the Upper Rangitata and Rakaia Rivers the projects are within the priority areas. Of Ashburton's \$104k IMS budget, \$104,469k has been approved over 12 projects. Covid-19 lockdown caused a delay in some project approval and the undertaking of other projects but are now back on track.
Mahinga Kai - Two sites are primarily managed for Mahinga Kai, including one outside of Hinds catchment	On Schedule	 Achievements: Brad Waldon-Gibbons from ECan's Tuia team presented on Mahinga Kai values to Ashburton Zone Committee in June 2020. Runanga reps asked for more information. Trial of management of these sites in Hinds still on-going as not much has been done on this in the past and as these sites are in the drains they also need to be managed for flooding. The North Ashburton sites are on hold currently due to funding and awaiting on decisions on Wakanui Creek. New Po Matai Ko Rosemary Clucas has been briefed on Hinds sites and will talk to Arowhenua and AEC as a follow up from November meeting.
Community Support for Biodiversity - Increase community awareness of the nature and value of biodiversity and how Ashburton Zone residents can get involved	On Schedule	Achievements: Kanuka Trust undertaking regular biodiversity updates on its Facebook page. Public seminar planned by trust on farm in March had to be postponed due to Covid 19. Meeting planned between Kanuka Trust and ECan staff for July. Ashburton Forest and Bird met with ECan staff in June to discuss biodiversity

Hakatere/Ashburton River		projects and issues. First meeting of ADBAG under new chair Cr Lynette Lovett in March. Planning for next meeting in August. Media coverage from first meeting. Planning for Carters Creek catchment communications and public meeting.
River Flow - Develop and implement a strategy to ensure the flow regime for the Ashburton River is achieved	On Schedule	Achievements: Internal project meetings held by ECan project team over this six month period. Planning for Green Street drop in sessions in July. Reporting back to the Ashburton Zone Committee on support being provided to affected consent holders and consultant engaged. Ongoing liaison with consent holders and support being provided by groundwater staff to affected consent holders. The Ashburton Consent Review Project commenced in July 2019 involving around 90 consents linked to the Ashburton River. The majority of consent holders are now being represented by the newly-resurrected Ashburton River Irrigators Association. An extension of 12 months has been granted to those covered by this group (from September 2019) allowing them more time to consider the impact of the new consent conditions.
Stockwater Network Reduction - Ashburton District Council develop and implement a	On Schedule	Achievements: ECan staff member Donna Field attended ADC"s stockwater network advisory group meeting in February 2020 alongside other representatives from CSIFG,

strategy to reduce stock-water take to 2,900L/s by no later than 2023- date tbc		Ashburton Forest&Bird and rūnanga. April meeting postponed with new date still to be announced.
		Completion of monitoring of the stockwater network by RMO Amy McIlraith.
		Planning for meeting between ECan and ADC which will discuss stockwater network compliance in July.
Pest Control - Priority weed and predator control for braided river bird nesting habitat is completed with support from Zone Immediate Steps Programme	On Schedule	Achievements: Trapping groups continuing work. No resurrection of upper Ashburton River bird survey, due to Covid 19 lockdown. Same applied for end of season bird habitat community meeting. Neither could be rescheduled for this quarter so planning has commenced for early season work starting spring.
Sustainable Access - identify values held by stakeholders for the river mouth and implement an access strategy to provide for multiple interests, while protecting habitat and ecosystem values	On Schedule	Achievements: Continued liaison with ADC over Ashton Beach project. Update to ZC's February meeting and joint presentation by ADC and ECan staff planned for July ZC meeting. Installation of some operational signage and work with contractors to commence creation of vehicle route. Communication with landowners and stakeholders to keep them up to date with project implementation.
Carters Creek/Lake Hood - Understand the health of Carters Creek, and its contribution to Lake Hood's water quality, and identify opportunities to improve ecosystem health	On Schedule	Achievements: January stream walk of portion of Carters Creek undertaken by ECan staff and community representatives. Report on January stream walk to ADC and Ash ZC in May 2020. Also sent to landowners along waterway and Lake Hood Extension Trust. ZC endorsed project and community reps have met with ECan staff to progress a project plan and budget. Commitment sought from ADC and Cr Angus McKay has been appointed representative. Planned

		meeting with ADC in July where ammonia testing of wastewater infrastructure will be raised.
Stormwater Management - Ashburton District Council to develop and implement an integrated stormwater management plan that contributes to the health of the river	On Schedule	Achievements: RMO Amy McIlraith continues to liaise with ADC and monitors relevant consents. Provided info about consent activation and relevance of existing stormwater consent to consultants. ADC's global stormwater discharge consent CRC186263 for the Ashburton, Tinwald and Fairton area has been granted on a non-notified basis with a duration of 25 years until 17 June 2044. Feedback from developers that they are keen to see consent activated to cover their activities. Still waiting on ADC to confirm activation timeline.
Hekeao/Hinds River and Drains		
MAR and TSA - Managed Aquifer Recharge and Targeted Stream Augmentation trials have been completed by 2021, and the next steps identified; including funding mechanisms and the development of an ongoing programme	On Schedule	Achievements: Hekeao Hinds Managed Aquifer Recharge (MAR) – The Hekeao Hinds Water Enhancement Trust have taken over governance of this project from the Hekeao Hinds MAR Governance Group and have begun a new development phase out to June 2022. During this phase, the MAR concept will be upscaled from a collection of individual sites toward a Hekeao Hinds Plains Scheme, as recommended by the Ashburton Zone Committee in their Solution Package to Plan Change 2 (Canterbury Land and Water Regional Plan). Managed Aquifer Recharge (MAR) trial concluded its fourth year on 31 May. The trial is now focusing on improved sediment and E. coli management, scheme wide management plan, long-term consents and access to sufficient water, additional sites and distribution, and a business case and communications plan. Governance group presented to ZC in June on their progress.

Fish Barriers and habitat - Programme to identify and remove (where appropriate) fish barriers, and work with stakeholders to enhance fish habitat, including for mudfish	On Schedule	Achievements: Successful application for funding via internal Fish Passage projects biodiversity fund. ECan LMA Lachie Ashton working on project plans for two fish passage projects with CSFIG and river engineering/Field Services staff. Work commenced post lockdown and contractor appointed to implement projects.
Mahinga Kai - improve opportunities to gather Mahinga Kai	On Schedule	Achievements: Mahinga Kai presentation to Ash ZC by Brad WaldonGibbons, Tuia team ECan. Arowhenua reps outlined their Mahinga Kai values. Invite will be extended to Po Matai Ko Rosemary Clucas to present at a future ZC meeting. Po Matai Ko Rosemary Clucas preparing to meet Irrigo Scheme reps to discuss Mahinga Kai with LMA Donna Field in July. Rosemary liaising with Arowhenua about trial sites in Hinds, including values and usage.
Monitoring - undertake a quality and habitat monitoring programme until Hinds Plan review to determine the effects of actions taken	On Schedule	Achievements: Completed electric fishing and macro invertebrate sampling in Windermere and Taylors Drains. Samples now at laboratory for sampling, they hope to have their analysis back to us in the next quarter in preparation for the meeting to be held in July/Aug 2020. Preparing end of year reports and planning for the annual Hinds Drains Working Party meeting July/Aug 2020.
Adaptive Minimum Flow Habitat Trial – implementation of Boundary Drain trial to inform possible plan change	On Schedule	Achievements: Water consents monitoring is underway as is the compliance report for the 2018/2019 season.

Community understanding		Due to staff changes in the zone team Lachie has taken over monitoring of the camera down at the opening. Covid-19 lockdown has delayed some of the work for this trial. Camera and batteries checked last week of May. Donna L is starting preparations for meeting in July plus conversations with planning about monitoring.
		Achievements:
Community Trends - Receive quarterly reporting on water quality and quantity	Behind	Science support continues to be diverted into the Ashburton River Consent Review and Ashburton Lakes projects in 2020.
monitoring results and annual reporting on social and economic trends occurring in Ashburton Zone	Schedule	Restructuring at ADC will see new senior manager created with responsibilities for economic development, as well as agricultural portfolio advisor. ECan staff to meet with these new positions to discuss information sharing in August.
		Achievements: Covid 19 lockdown affected some planned activities and school engagement.
Youth Engagement - Create opportunities to involve youth and education facility engagement in waterway and wetland enhancement and/or monitoring projects	On Schedule	Kanuka Trust preparing to meet with ECan staff and update them on their activities in July.
		ECan biodiversity advisor Donna Field planning to present to Ashburton College students in July following approach during this quarter.
		Eco Educate waste educators contracted by ADC offering rubbish and recycling education initiatives.

		Ash ZC member Angela Cushnie continuing to liaise with Ashburton College and local Youth Council to generate interest in environmental initiatives and the ECan Youth Ropu. Ashburton
Media - Regular media articles from the Zone Committee and Zone Team to profile implementation work in the zone	On Schedule	Achievements: Online story on two new RMOs. Profiling of new Po Matai Ko Rosemary Clucas who covers Ashburton Zone. Media coverage on Ashburton Rivermouth Management Strategy implementation, Ashburton Consents Review process, new IMS project funding, ADBAG meeting and Kanuka Trust initiatives. Ashburton Zone Team profile run in this period.
Compliance		
Incident Response - All incident response/daily alert matters are responded to in a timely way	On Schedule	 Achievements: Incident response was supported by Timaru staff until February 2020 when two new Ashburton RMOs went on roster with existing staff member. A range of complaints from odour to discharges. Increased number of irrigations on road complaints through to February 2020, which prompted liaison with Ashburton District Council compliance staff. Covid 19 restrictions on investigating activities have affected usual investigation numbers. PE triaged by IRO admin site visits for certain cases only. Following Covid 19 restrictions being lifted to level 1, all Ashburton team are rostered for incident response. The total time the team has spent on incident response over June equates to 53 hours. It has been a dry June and no cases of winter grazing concerns have been reported.

Monitoring programmes - Comprehensive monitoring programmes are in place for all Regionally Significant Consents (RSC), water takes and fish screens.	On Schedule	 Achievements: Progress made with RSCs until third week of March 2020 when Covid 19 lockdown shut down field monitoring. ADC, RDRML and MHV working together to provide alternative stockwater intake from Rangitata River following blow out of Cracroft intake in December 2019 floods. New Regionally Significant Consent monitoring during this quarter included a wider range of ADC consents, in particular the under-river pipeline project. Fish screen compliance has been initiated in the Ashburton Zone when level 3 procedures were announced (last week of May). All RMO's have been involved in mid-season/ noncompliance water data monitoring, general water data monitoring and completing any overdue desktop inspections. 2019/20 Regionally Significant Consents have been either completed or a very small number are still in process awaiting further information.
Zone priorities - Compliance support is provided for zone priorities including On Hakatere/Ashburton River, the Hinds catchment, Carters Creek/Lake Hood and community drinking water protection zones.		Achievements: A sample of Ashburton River consents were identified for monitoring as part of the Ashburton Consent Review project. This desk top monitoring was undertaken in April 2020. A small number of zone priority consents were monitored during the early part of the zone as training exercises for new staff. Due to Covid-19 only a few of these inspections have been undertaken as the priority was on the Regionally Significant Consents inspections which were delayed from April/May.

Ashburton Zone Committee Report

Date28 July 2020Report toAshburton Water Zone CommitteeFromDave MooreSubjectFacilitators Update

13 Facilitators Update

Purpose

To update the Committee on actions from the previous meeting, relevant information and upcoming engagement opportunities.

Recommendation

That the Zone Committee receives the update.

25 August Zone Committee Meeting

It is likely that we will want to use this time for working on the Zone Committee Action Plan and a workshop might be more useful than a formal meeting. I would like feedback from the committee on this.

Date of	Action	Who	Status
meeting			
23 June	Regenerative Agriculture. Request for a sub committee to produce a balanced report to the Zone Committee for consideration. With organisations such as Manaaki Whenua – Landcare Research and Quorum Sense undertaking research in this area the committee might consider if it would be better to invite such organisations to present to the community. Note, the Quorum Sense farming network has been awarded \$1.8m for three years of extension funding from MPI's Productive & Sustainable Land Use - Extension Services fund. This funding will help Quorum Sense increase the reach and impact of the network. There is provision within the funding agreement for Quorum Sense to work with MPI on science programme that could sit alongside the extension project	Bill Thomas, Christ Allen, Dave Moore, Janine Holland	On 14 July ZC members attended Manaaki Whenua – Landcare Research and Quorum Sense webinar outlining current research and pilot studies.
23 June	Invitation for Rosemary Clucas, Pou Matai Ko, ECan, to attend next meeting.	Dave	Rosemary not available on 28 July. Rescheduling

Action List

23 June	Update of Ashburton Consent Review	ECan	for another meeting. Schedule for
25 Feb 2020	Keep ZC updated on Cracroft Stock Water Intake effect on MAR water take.	Andrew Guthrie	September meeting Ongoing
25 Feb 2020	Bill would like a summary of Draft NPS for Indigenous Biodiversity. Could be an information paper or a planner to discuss where ECan sits on this.	Dave	Dave to discuss internally at Environment Canterbury
25 Feb 2020	The ZC do not wish to wait for the refresh later in the year. Would like to either have another community member or co-opt one until the refresh. Question: does a co-opted member have voting rights and count for quorum?	Dave	Zone Committee Review includes changes to refresh process. Co-opted members will not have voting rights.
	Wakanui Beach Restoration Project group, Val Clemens and Selwyn Price asked to give a short presentation on the latest progress at Wakanui Beach to the Ashburton Zone Committee in September.	Dave to discuss with Adrian Meredith	22 September looking likely.
