| Form Summary                       |  |
|------------------------------------|--|
| <b>Name</b>                        | Andrew Cockburn  |
| <b>Email</b>                       |  |
| <b>Multiple choice</b>             | I oppose allowing further earthworks and discharges of contaminants into water and air as part of the expansion of the Canterbury Coal Mine., I oppose Bathurst Mining Limited being granted retroactive consent for uncontested earthworks within Canterbury Coal Mine., I support actions that may be required to mitigate the impacts of the existing harms caused by the mine. |
| <b>Why do you oppose the mine?</b> | We are in a climate emergency we cannot afford to did up more thermal coal. There are alternatives. This consent would further endanger the mudfish and other ecology. Bathurst have not complied with past consents and cannot be trusted.  |
