Reasons comment:

Please find my full submission attached in the 'supporting documents' section. In summary, I urge you to reject Bathurst Coal Limited's application to expand the Canterbury Coal Mine because: • The proposed Bathurst mine expansion threatens our climate, our biodiversity, our communities, and our future; • Bathurst's behaviour to date has demonstrated that they have no interest in taking accountability for these impacts, obeying the terms of resource consents, or acting as a responsible member of the community; and • The mine expansion is completely unnecessary in light of the current declining demand for coal.

Consent comment:

Reject all Bathurst's consent applications.
