---

**Reasons comment:**

Bathurst Resorces LTD is a contributing factor in the local economy, helping support local

people in careers and learning new jobs within the industry. The Bathurst Mine is a hard working company which places environmental issues highly in the day to day activities, from ensuring the water discharged is at a safe level, the dust controlled with water carts in and around the site and ensuring the workers are up to date with all information relevant to the environmental contributors. The Bathurst Mine have contributed to local event helping out in areas of fundraising and local support. Bathurst is a company i give my full support to remaine operating
