Reasons comment:

Kai Point Coal (KPC) supports Bathurst's application for a number of reasons. • As we have seen recently, due to covid-19, the supply of coal is an essential service in New Zealand. To that end, Bathurst has to be able to continue operating for the good of the country. • The country, with Bathurst's inputs into the primary production sector, will have to trade out of the impending recession. We will be relying on farming, mining and forestry to continue to support NZer's way of life. • The coal in question is mined close to point of sale and hence reduces interregional transport. This makes transport cheaper and the region more self sufficient in times of "lockdown". • The mine is in a district that has seen mining for many years and it continues to provide employment in that area. • Bathurst is well respected within the mining community and will comply with the practical conditions agreed upon to manage their operation at Coalgate.

Submission in **support** of

Bathurst Coal Ltd's resource consent application to the Selwyn District Council and Environment Canterbury for resource consents in respect of Canterbury Coal situated near Coalgate, to cover current and future operations.

Submitter: Kai Point Coal Company Ltd,
Contact: Chris O'Leary, General manager,

Kai Point Coal (KPC) supports Bathurst's application for a number of reasons.

- As we have seen recently, due to covid-19, the supply of coal is an essential service in New Zealand. To that end, Bathurst has to be able to continue operating for the good of the country.
- The country, with Bathurst's inputs into the primary production sector, will have to trade out of the impending recession. We will be relying on farming, mining and forestry to continue to support NZer's way of life.
- The coal in question is mined close to point of sale and hence reduces interregional transport. This makes transport cheaper and the region more self sufficient in times of "lockdown".
- The mine is in a district that has seen mining for many years and it continues to provide employment in that area.
- Bathurst is well respected within the mining community and will comply with the practical conditions agreed upon to manage their operation at Coalgate.

KPC support's Bathurst's application and will present at the hearing.

Chris O'Leary
General Manager KPC
