Form Summary	
Name	Samantha Kingsbury

Multiple choice	I oppose allowing further earthworks and discharges of contaminants into water and air as part of the expansion of the Canterbury Coal Mine., I oppose Bathurst Mining Limited being granted retroactive consent for uncontested earthworks within Canterbury Coal Mine., I support actions that may be required to mitigate the impacts of the existing harms caused by the mine.
Why do you oppose the mine?	New Zealand has the potential to move quickly to 100% renewable energy - lets do that! For the planet, for the children, for the future. Let's be world leaders in this as we are in so many other things.
