Form Summary	
Name	Ariel Linlater

Multiple choice	I oppose allowing further earthworks and discharges of contaminants into water and air as part of the expansion of the Canterbury Coal Mine., I oppose Bathurst Mining Limited being granted retroactive consent for uncontested earthworks within Canterbury Coal Mine., I support actions that may be required to mitigate the impacts of the existing harms caused by the mine.
Why do you oppose the mine?	We are in the midst of Climate change and we need to change our attitude to the Planet pronto.Extractive industries of this nature are counterintuitive to the sorts of interrelatedness we need to now be considering to care for this place called home.The ecological damage caused by this type of mining is catastrophic for very any life forms. We need to stop treating the Planet as if we own it.
