**Reasons comment:**

McKeown Petroleum Ltd are a supplier of Diesel to the Bathurst operation. We employ 2

Drivers in the Canterbury Region to service their needs. Servicing this mine creates many flow on jobs in the region and we cannot stress enough how important they are to McKeown's operation and to the Canterbury region. We have always been impressed by their Management, Health and Safety initiatives and the loyalty shown to McKeown Petroleum Ltd as a supplier. Also in this trying time it is important that these companies are supported because they are so important to the community through employment and their support of Business in the area.
