**Reasons comment:**

Bathurst's Canterbury Coal mine is a good employer for the Selwyn district, and provides

numerous ancillary jobs for the local economy. The ridgetop mine has a measurably low impact on the surrounding environment. It's distance to neighbors limits effects of dust, noise and lighting. The mine has awesome water management, built up over time to ensure capacity to treat intense rainfall events beyond Ecan guidelines. Road traffic is highly managed to reduce impacts to other road users in the waianiwaniwa valley.

---

**Consent comment:**

Grant the consents to keep the workforce gainfully employed
