Multiple choice	I oppose allowing further earthworks and discharges of contaminants into water and air as part of the expansion of the Canterbury Coal Mine., I oppose Bathurst Mining Limited being granted retroactive consent for uncontested earthworks within Canterbury Coal Mine., I support actions that may be required to mitigate the impacts of the existing harms caused by the mine.
Why do you oppose the mine?	Mining more fossil fuels as we face increasingly devastating impacts from climate change is quite simply insane. Leave it in the ground so our children's children can survive!
