Subject: You received a submission for Bathurst Mine Resource Consent
Date: Monday, 18 May 2020 10:05:29 AM

Form Summary	
Name	Rachel Slagh
Email	
Multiple choice	I oppose allowing further earthworks and discharges of contaminants into water and air as part of the expansion of the Canterbury Coal Mine., I oppose Bathurst Mining Limited being granted retroactive consent for uncontested earthworks within Canterbury Coal Mine., I support actions that may be required to mitigate the impacts of the existing harms caused by the mine.
Why do you oppose the mine?	We need to protect our ecosystems- the earth is past it's breaking point of sustaining our life here, and we need to be initiating regenerative energy sourcing, rather than continuing to destroy the ecosystems for this dangerous industry.
