Reasons comment:

We supply Bathurst Coal Ltd and associated businesses with machinery wear parts for

their equipment, and have done so for some years. We have found both the business and the people to be an ethical, responsible and good team. They are known for caring for their people and their community. Now, more than ever before, NZ urgently needs business's like these to continue to succeed and grow in view of stable, long term jobs and careers for Kiwis. The positive flow on effect in the economy is significant, for example we employ NZ 28 staff, 24 of whom are based in Westport. All product we supply Coalgate site, is stored and/ or manufactured here. Being able to supply Bathurst with parts helps ensure we can continue to employ and care for staff in this isolated town, during challenging times.

Consent comment:

Approval for their requested consents, with minimal red tape.
