Subject: You received a submission for Bathurst Mine Resource Consent
Date: Monday, 18 May 2020 12:26:29 AM

Form Summary	
Name	Christine Brabender
Email	
Multiple choice	I oppose allowing further earthworks and discharges of contaminants into water and air as part of the expansion of the Canterbury Coal Mine., I oppose Bathurst Mining Limited being granted retroactive consent for uncontested earthworks within Canterbury Coal Mine., I support actions that may be required to mitigate the impacts of the existing harms caused by the mine.
Why do you oppose the mine?	link between coal & increased CO2 & climate change & ecosystem damage from mining, including species harm, water/air pollution & soil contamination,
