Subject: HPE CM: Canterbury Coal Mine
Date: Sunday, 10 May 2020 12:14:58 PM

To whom it may concern,

I wanted to write in and say that I am deeply disappointed and quite shocked to find that the New Zealand government is even considering expanding the canterbury coal mine. We have all the knowledge now about how detrimental burning coal is for the environment and it is completely irresponsible to invest further into this unsustainable way of generating energy. I believe, as I think most New Zealanders do, that the money would be better invested into coming up with greener solutions.

Regards
