Reasons comment:

I am opposed because: 1.Of the harmful environmental impact of contaminants being

discharged into the air and water. 2. The noise of mining can be heard in Whitecliffs village and has impacted on sleeping patterns of some residents, any extension would increase the anxiety associated with this. 3. the constant 6 day a week noise and light pollution is unhealthy for residents close by. 4. because of the impact of fossil fuels on the planet, and a world wide demand from scientists to move away from this form of fuel to other harmless forms. 5. because of the huge length of time proposed by the mining company is uncaring to the local community. 6. because Whitecliffs, Glentunnel and Coalgate villages are growing communities, attracting many former city dwellers to a quiet, safe, and unpolluted country lifestyle. many of these new arrivals have young families whose health and well-being may be affected by the contaminants, noise and light stresses, and by the ongoing nature of extraction of coal from these hills.

Consent comment:

I wish the consent authority to make the following decision: To deny any further extension to the Bathurst mining company.
