| Multiple choice | I oppose allowing further earthworks and discharges of contaminants into water and air as part of the expansion of the Canterbury Coal Mine., I oppose Bathurst Mining Limited being granted retroactive consent for uncontested earthworks within Canterbury Coal Mine., I support actions that may be required to mitigate the impacts of the existing harms caused by the mine. |
| Why do you oppose the mine? | on the grounds that coal is a fossil fuel and I have family farming nearby who are trying to protect the natural environment . |
