2. The reasons for making my submission are: (state in summary the nature of your submission, giving reasons)

- to far from major towns to do any damage to hills
- staff & families & children will be directly affected if mine is closed. leading to more stress to outlying communities - schools - sports clubs - local businesses!
- mine has been going for many years, I am not aware of any damage to surrounding areas - schools - families.
- this mining company ~~be~~ has been proactive in protecting surrounding hills & environments.
- there will be HUGE turmoil to families directly involved with this mine. Imagine the HUGE impact on the psychological state of all families directly involved,
- I am aware the team is reasonably close knit and working as a team they are very proud of how the mining company has done its very best (to its capacity) to help the local environment and has plans in place to regenerate the area to a far better standard than it was.
