Reasons comment:

In favour of Bathurst Resources continuing to mine at the Canterbury coal mine site, as a

local business that has worked with Bathurst Resources in their Canterbury coal operation over the last 5 years we strongly support the current and continued operation of the site. Bathurst Resources have been a great supporter of our small Canterbury owned and operated business over the last 5 years, they are a great source of employment in the Canterbury region and a great support to local business.

Consent comment:

I would like to see the authority grant the above resource consents to see the Bathurst resources Canterbury operation continue into the future, and them be able to continue the great support of business's in the Canterbury region.
