

**BEFORE THE INDEPENDENT COMMISSIONERS APPOINTED BY CANTERBURY REGIONAL COUNCIL
AND CHRISTCHURCH CITY COUNCIL**

IN THE MATTER OF the Resource Management Act 1991

AND

IN THE MATTER OF Applications by **SOL Quarries Limited** for all resource consents necessary to establish, operate, maintain and close an aggregate quarry at 93 Conservators Road and 133 Conservators Road, Yaldhurst, as an extension to an existing quarry at 81 Conservators Road, Yaldhurst.

ADDENDUM TO STATEMENT OF EVIDENCE – STATUTORY PLANNING

**SIMON JAMES MOIR HEDLEY
ON BEHALF OF SOL QUARRIES LIMITED**

2nd December 2020

1. This is an Addendum to the Statement of Evidence of Simon James Moir Hedley, dated 20th November 2020.
2. I have read the brief of evidence by Ms Felicity Blackmore, on behalf of Christchurch International Airport Limited (CIAL), which was circulated to all parties on 2nd December 2020.
3. Ms Blackmore has identified a condition of consent (RMA/2019/373) volunteered by SOL Quarries Ltd (“the Applicant”) in the draft conditions of consent circulated in June 2020 (Condition 57), which has been omitted in the CCC conditions of consent appended to the Christchurch City Council s42A Report.
4. Unfortunately, I would advise that this condition of consent was also omitted from the revised draft conditions of consent prepared and submitted on behalf of SOL Quarries Ltd and dated 1st December 2020.
5. On behalf of SOL Quarries Ltd, I would formally request reinstatement of the volunteered condition of consent (RMA/2019/373), as follows:

Subject to arrangement with the Quarry Manager and compliance with SOL Quarry’s Health, Safety and Environmental policies and procedures, CIAL’s Planning Staff and/or Wildlife Management Officer, with or without CIAL Ornithological or Pest Management Consultants and their staff, may undertake Site Visit(s) for the purposes of pest bird monitoring or management and to check compliance with Conditions that relate to bird strike risk.

Simon JM Hedley
