- CRC211629: oppose | WANT to be heard | will NOT consider joint hearing
- RC205104: oppose | WANT to be heard | will NOT consider joint hearing

Reasons comment:

I oppose the consent applications for the following reasons; The proposed quarry site is too close neighbouring properties, a preschool and a public parks the health and well being of ourselves, our children and community. Our 2 children attend the local preschool and I fear they will not be able to play outside if this proceeds. One already has asthma and a

potential quarry could make this worse. Very close second concern is the massive potential of having our home devalue greatly. We have worked so hard to purchase a beautiful family home and now May have to sell at well below the RV and what we paid. That's if we could even sell. A win win for taggart and the racecourse but no wins for the local community. Clearly just a business transaction and no care for the people

Consent comment:

I ask the consenting authorities to reject the following consent applications; Canterbury regional council CRC204106 – A land use consent to excavate material. CRC204107 – A discharge permit to discharge contaminants into air from an industrial or trade premise or process. CRC204143 – A discharge permit to discharge contaminants to land from backfilling with virgin excavated natural materials. CRC211629 – A water permit to divert floodwater. Waimakariri District Council RC205104 - A land use consent to establish, maintain and operate an aggregate quarry in the Rural Zone. A resource consent duration of 15 years is sought for all of the resource consents.
