Reasons comment:

Concerns about the health effects of silica dust and the impact on the health of West Rangiora in particular to the preschools and age care facilities in the immediate area. The respirable crystalline silica that effects the throat and lungs would aggravate many residents and introduce health risks to the young and increase health risks of the elderly

with existing medical conditions.

Consent comment:

Consider rezoning the racecourse as a residential area and develop as an extension to further residential housing or green area in the future.
