Reasons comment:

We are a family with small children one of whom attends a preschool which backs onto the racecourse. We are very concerned about the dust a quarry will bring and the deterioration in air quality for our children. We are also concerned about increased traffic and noise in the area which is residential and is home to lots of young children. The entry to the race

course is off of a road which lots of children will have to cross to access Ashgrove school so we do not want an increase in traffic on West Belt. As well as the above we feel that the quarry will devalue our property - the area we live in will not be as attractive and in demand.
