Reasons comment:

I oppose this development because the noise pollution from increased traffic movements involving large vehicles is not acceptable so close to residential properties. In addition to this the noise from quarrying operations so close to homes, schools and childcare centres is not aligned to the functioning of a safe and healthy community. Furthermore the increased

dust and the silica particles released into the atmosphere pose a risk to my health as I am asthmatic and sensitive to any airborne pollutants. I also oppose this development because it will lower the value of properties in the area including my own. The nature of this commercial activity has no place whatsoever so close to residential properties, schools and childcare centres. Such a development is not aligned to the values of community welfare and standards of living.

Consent comment:

That Taggarts Earthmoving Limited are denied access to the land at the racecourse and that their application to quarry at this site is declined.
