Reasons comment:

I am very concerned about silica and all other kinds of dust and the health risks this will create for myself and other people, especially given the proposed quarry and our home are in a high wind zone. I'm also concerned about the noise. For these reasons, I believe the proposed quarry will negatively impact on my enjoyment of the area e.g., being outside at

home, biking and walking on the Rakahuri/Ashley park river tracks and the local area generally. I worry about the potential for water contamination; the proposed quarry will be in the community drinking water protection zone. Wildlife will be negatively impacted. Our property value will go down - we wouldn't have bought here if we'd thought a quarry might go in.

Consent comment:

Reject all consent applications for the proposed quarry at this location or any other so close to residential areas.
