Reasons comment:

I live under 2km from the proposed site - i believe (among other things) that the noise, dust, and traffic from movements 6 days a week will affect my health, my ability to enjoy my home and garden, to relax at home due to the constant never ending noise being generated, and the potential affect on the resale value of my home being so close to the

proposed quarry. I also believe it will limit the life span of the building materials on my home with the constant build up of fine dust, that my heat pumps will be affected and no longer work to their full abilities. I believe my home running costs will increase due to the increased maintenance and 'refix' issues i will encounter from the dust etc. I believe my car maintenance will also go up in regards to air filters and blockages from the dust in the air/being disturbed as i drive. I am also concerned of the fine particles entering the garden soil and contaminating plants, vegetables and fruit trees over time.

Consent comment:

I wish for them to decline the quarry and all aspects of the application. I wish for them to leave our green spaces, green.
