☒ I/We oppose the above application

☐ I/We are neutral to the application(neither support or oppose)

3. The specific parts of the application that my/our submission relates to are: (detail the specific activities or effects)

CR0204107 - discharge contaminants to air. We are nearby the site in a SW direction. This means that NW winds will pick up dust and contaminants and blow them directly towards our centre. This threatens the health of our children and staff, and may mean that we need to keep the children indoors. It could potentially come through our ventilation system.

RC205104 - land use. We believe that the quarry is too close to a built up residential area, that includes preschools, retirement villages and housing.

4. The reasons for making my/our submission are: (state in summary the nature of your submission, giving reasons)

We are concerned for the health & wellbeing of our children and staff as well as our children's access to education and recreation outdoors. We feel this quarry could result in a reduction to our enrolments leading to potential job losses or the closing of our centre. We are concerned about the noise that may be heard from our centre from the machinery. Even if steps are taken to reduce potential health risks, our communities negative perception of the quarry may effect enrolments.

5. I/we wish the consent authority to make the following decision: (give details, including the general nature of any conditions sought.)

We wish the decision by the consent authority to be that this application is declined, and a rural location sought further away from residential areas.

(Note: this means you wish to speak in support of your submission at the hearing)

*If others make a similar submission, I will consider presenting a joint case with them at the hearing ☒ Yes ☐ No

☐ I/we **do not** wish to be heard in support of my/our submission

(Note: this means you cannot speak at the hearing, however you will retain your right to appeal any decision to the Environment Court on any decision made by the Councils.)

7. ☐ I/we **am/are** a trade competitor for the purposes of section 308B of the Resource Management Act 1991.

I/We am/am not directly affected by an effect of the subject matter of the submission that a) adversely affects the environment; and

b) does not relate to trade competition or the effects of trade competition.

8. I/we **request**, pursuant to section 100A of the Resource Management Act 1991, that you delegate your functions, powers and duties to hear and decide the application to 1 or more hearings commissioners who are not members of the local authority. ☐ Yes ☐ No
